

SAMPLE TIMELINE

Bridal Details 2:30-3:15

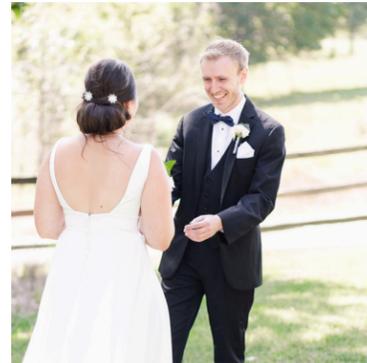

Every bride loves having those beautiful shots of her bridal details. It's an important part of the story, and I love having some time to shoot the dress, shoes, jewelry, invitations, etc. These shots allow me to get warmed up for the rest of the big day. I normally like to allow at least 45 minutes for this part of the day. While I'm shooting details, my second shooter (Jaylie) captures some shots of the girls getting ready!! If the groom is getting ready nearby, I can do them during this time too...otherwise I shoot their getting ready photos about 30 minutes before the First Look since it always takes them less time to get dressed!

After the details have been photographed, it's time for the bride to get into her dress! This is a big moment! I usually ask the mother of the bride and all of the bridesmaids to be dressed by the time the bride is ready to get into her dress. This ensures that everyone will look photo-ready in those images. *After* the bride is in her gown, she can put on her jewelry, veil, shoes, etc., and I will shoot some additional bridal portraits!

First Look 4:00

This is one of my favorite parts of the wedding day! I will find the perfect location for my couple's First Look prior to the getting ready portion of the day! Don't stress about your portrait locations. I will make sure the location is private, has great natural light and is as secluded as possible.

Let's talk about the Timeline | These next two pages will outline an ideal wedding day working off of a 6pm ceremony time frame. This ideal timeline is also based on a wedding day that includes a first look. Over half of my couples choose to do a First Look, and you can read more about that option a few pages over! Remember that all wedding days are different, and your timeline may differ due to travel times and unique situations. I will help you to create a custom timeline for your specific day 8-12 weeks before the big day, but this gives you a starting point while you're making some important decisions like ceremony time :)

Portraits 4:15-4:45

After the bride and groom take their time with the First Look, I will begin taking a few romantic portraits of the two of them while the initial excitement is still present! I will find the locations for these shots as well! Remember, the LIGHT determines where we shoot and so I can't decide on portrait locations until the day-of. As we shoot these portraits, the bridal party can start making their way to us for bridal party portraits!

Bridal Party Portraits 4:50-5:20

Now it's time for Bridal Party shots! One way to make sure we stay on schedule for bridal party portraits is to have someone designated to put the boutonnieres on the groomsmen before they arrive for portraits. During Bridal Party portraits, Jaylie and I will make sure to take...

... some great shots of the guys and girls both separately AND together. After bridal party portraits are complete, the bride will go into hiding so that early guests don't sneak a peek, and the ushers will begin their duties.

THE TIMELINE CONTINUED...

Reception Details 5:30-5:50

If the reception is at the same location as the ceremony, I will use this time to shoot the reception decor UNTOUCHED. If the ceremony and reception are in different locations, I recommend having a cocktail hour outside of the main reception area if possible so that I can grab some great shots of your reception before the night begins and guests start laying down purses and coats on their seats.

It's time to get married!! Most ceremonies are about 30-minutes long. If your ceremony is longer than 30 minutes, we'll be sure to make adjustments to the timeline. Cherish these moments! Your ceremony will pass by so quickly!

Ceremony 6:00-6:30

Family Portraits 6:40-7:10

Family formals normally take place immediately following the ceremony. It's best to save all of the family formals until after the ceremony because ALL family members will be present at that time.

We'll need about 15-30 minutes (depending on shot list size) for family formals, and I will send a questionnaire before the wedding where you can list out the shots that you want. I recommend shooting portraits outdoors if possible so that they resemble more of a natural family portrait style, especially if the ceremony location is dark!

Just-Married Portraits 7:15-7:30

7:00pm is the BEST time of day for portraits in the late spring, summer and early fall! This is when the sun is glowy and golden. I love having a few extra minutes with the bride and groom to take a few "Just Married" portraits right after family formals!

Reception Begins 7:30

This is when the bridal party lines up for introductions and the party begins!! By this part of the day, my timeline isn't at all strict. I work off of the natural light and so after the sun is set, my portrait time is over and I begin focusing on the reception events!

I include 8 hours of coverage so that I can be present for the main events of the reception and about an hour of dancing! If you're interested in having your exit photographed, there are several options for this! You can either add additional coverage or plan a "Controlled Exit" with just your bridal party! We have had GREAT success with this and the party never stops! Keep reading to learn more about the advantages of a Controlled Exit!
